## WHOLESALE HANGING

### Negroes Lynched at Russellville, Ky.

#### A MOB OF FIFTY MEN

Lynching Was Quietly Accomplished, No One Knowing of It Until Bodies Were Seen Dangling from Trees the Following Morning.

Russellville, Ky., Aug. 3.—Four negroes, Virgil, Tom and Robert Jones and Joe Riley, were taken from jail early Saturday and hanged to a tree on the edge of town.

Four shots were fired by the mob, which was composed of about fifty men, and the people of the town knowing nothing of the affair until daylight saw the four bodies dangling from trees just outside Russellville on the Nashville pike. The following note was pinned on one of the bodies.

#### Posted Warning.

Let this be a warning to you negroes to let white people alone, or you will go the same way. Hugh Rogers was shut up or quit."

The negroes who were lynched were members of a lodge and at a meeting early in the day, they approved of the murder of James Cunningham, a white farmer, by his negro tenant, R. B. Browder.

The Cunningham murder occurred in the southern part of Logan county, and it is supposed that the mob was made up of men from that part of the county.

The negroes had been in jail for several days, and while there had been considerable unrest since the attempt to hang the part of the mob to take Browder, the slayer of Cunningham, from jail, some nights ago, no real trouble was anticipated, and there was guard around the prison.

The effort to get Browder failed, owing to the fact that he was spirited away by the sheriff and sent to Bowling Green and later to Louisville, where he is now confined, awaiting trial.

#### Mob Came Quietly.

The mob came into town so quietly that not one of the residents of the town was awakened from their slumbers. Proceeding at once to the county jail, the jailer, Jake Butts, was summoned to the door, his residence being directly connected with the prison.

When he made his appearance he found himself covered with rifles and shotguns and was given the command to turn over the keys of the jail to the mob.

After a short parley with the members of the mob in which he tried to persuade them to go away without any violence, he was finally forced to hand over the keys.

The mob then entered the jail, and taking the four negroes, forced them to go with them. Two of the men, being given time to dress, were taken along in their night shirts, and the whole party proceeded at once to a tree on the outskirts of the city on the Nashville pike, where the negroes were strung up in a row.

#### No Shots Were Fired.

Contrary to the usual custom of such mobs, no shots were fired at the swinging victims, and the mob dispersed as soon as it had finished its work. There is no clue to the members of the mob, as the jailer, the only person who saw them, failed to get a good look at them and would not describe them.

The bodies of the negroes were cut down during the morning.

In Honor of General Wright. Captain N. J. Aug. 3.—In the early hours that General Luke Wright, secretary of war, spent here Friday, much interest was created. A reception was held in his honor at which he met many distinguished men, senators, congressmen and judges, and then reviewed the national cadets in camp here. Gen. Wright praised the troops from a carriage. It was the fact that Secretary Wright was in the confederate army during the civil war. Headquarters of the army had an interesting play "The

## POLICY WAS REFUSED.

### "Sheath Gown" Insurance Not Popular With London Lloyds.

New York, Aug. 3.—Evidently the British business man, as typified by the members of the London Lloyd's, does not believe the "sheath" gown is destined to become popular in the United States.

At any rate, the members of the famous insurance company refused to issue a policy for \$100,000 on a consignment of "sheath" gowns recently imported from Paris by a local department store.

The uptown merchants, feeling somewhat skeptical as to just how well the latest Parisian costume would take with New York women, asked an insurance broker to obtain a policy insuring the sale of the gowns—in other words to insure the popularity of the "sheath" gown.

The Britisher, knowing that the London Lloyd's were willing to write a policy on anything, from a presidential election to the safeguarding of an automobile race course, or the fluctuations of the stock market, promptly applied for a policy on the "sheath" gowns. To his surprise, however, he was, to use his own words, "turned down cold." He applied to several other companies with the same result.

## MAILS BAR LIQUOR ADS.

### Whisky Literature, Soliciting Orders, Illegal in Georgia.

Atlanta, Aug. 3.—That Uncle Sam cannot be used as an agent in the solicitation of orders for liquor to be shipped to Georgia has just been decided by the court of appeals in a decision handed down in the case of R. M. Rose versus the state.

The decision was written by Judge Richard B. Russell. It cites the case of DeLamater versus South Dakota, 205 U. S. 93, in which it is held that the "general power of the states to control and regulate, within their borders, the business of dealing in or soliciting orders for, the purchase of intoxicating liquors is beyond question."

This decision is one of the most interesting and far-reaching since the adoption of the prohibition law and its interpretation by the supreme court.

## TO BUILD BIG WARSHIP.

### Is to Be Named "Grand Army of the Republic."

Marion, O., Aug. 3.—A movement to raise money by popular subscription to build a mammoth United States battleship was inaugurated by Owen Gray Post, Grand Army of the Republic, at Larimer, this county.

The only request to be made of the national government, according to the resolutions adopted by the post, is that the battleship shall bear the name "Grand Army of the Republic," as a memorial to the veterans of the civil war.

It is expected that every grand army post in this country will take up the movement. Contributions of one dollar or more are to be received from all citizens.

## FUNERAL OF G. WINTHROP SANDS.

Paris, Aug. 3.—The funeral of G. W. Winthrop Sands, a stepson of William H. Vanderbilt, who was killed in an automobile accident at Polsey Wednesday morning, was held in the American church on the avenue de L'Ala Saturday morning. Rev. Dr. Mor officiated. W. K. Vanderbilt and Mrs. Vanderbilt, Ambassador and Mrs. White, Stephen Sands, the dead man's brother, and his widow, together with many other American residents of Paris, were present.

## Pirates Rob Fish Traps.

Bellingham, Wash., Aug. 3.—Two armed pirates rode up to a fish trap at the Alaska Packers' association, just south of Point Roberts, Friday, disarmed the watchman, bound and gagged him and made off with \$5,000 salmon worth \$2,000. Beside the fish they stole, they allowed 25,000 more fish to escape.

## A HOT DAY AT MILLS CITY.

Helena, Mont., Aug. 3.—The weather bureau reported Mills City to have had a temperature of 103 degrees Friday. This is the highest record in the country. Harry had 104, Helena 102 and Butte 104.

## CHAFIN NOTIFICATION

### Prohibition Candidate Will Be Notified at Chicago.

#### ADDRESS BY PROF. SCANLON

National Prohibition Executive Committee Will Meet at the Same Place to Consider Plans for the Campaign. Public Reception Follows.

Chicago, Aug. 3.—It is decided to hold the meeting for the notification of E. W. Chafin, prohibition candidate for president, on Tuesday, Aug. 18th, in Music Hall, Fine Arts building, Chicago.

The notification address will be delivered by Professor Charles Scanlon, who was permanent chairman of the national prohibition convention. There may also be addresses by the members of the notification committee.

A public reception for the candidate will be held the same day in the parlors of the Auditorium Hotel. The national prohibition executive committee will meet at the same place to consider plans for the campaign.

## BULLET HOLE FOUND IN HAT.

### Believed that Blue Ridge, Ga., Jeweler Has Been Murdered.

Chattanooga, Tenn., Aug. 3.—Considerable mystery surrounds the strange disappearance at Charleston, Tenn., of E. B. Lovins, jeweler of Blue Ridge, Ga.

Mr. Lovins reached Charleston on Wednesday afternoon on a Southern train. He immediately went to the Barrett house.

An hour or more after supper he announced his intention of walking across the Hiwassee river to Calhoun, and has not been seen since.

Early next morning his hat, or one that answered exactly the description of the one he wore when last seen was found about forty yards from the river bank. It had a bullet hole through it, and the inside, around the hat was covered with blood.

It is believed that he was murdered and robbed and his body thrown in the river.

## GRAVES WILL STUMP STATE.

### Independence Party Will Oppose Joe Brown's Election.

Atlanta, Aug. 3.—It is stated that John Temple Graves, who was nominated for vice president and as a running mate with Thomas L. Higen, nominee of the independent party for president, together with other leaders, will arrive in Atlanta within a few days for the purpose of organizing for the sixty-day gubernatorial campaign, and for naming a candidate to oppose the election of Governor-elect Joseph M. Brown.

The campaign managers hope to secure Hearst for four campaign speeches in Georgia; Howard, of Alabama, vice chairman of the national convention, has promised to deliver six stump speeches and John Temple Graves will stump the state. It is stated that the independent party confidently expect to carry Georgia for governor.

## To Be Executed.

Roanoke, Va., Aug. 3.—John Finney, the negro, who two weeks ago beat eleven-year-old Mary Johnson almost to death in Franklin county, in an attempt to criminally assault her, has been convicted in court at Rocky Mount. The jury was out five minutes. Finney is the first criminal sentenced to be electrocuted in Virginia.

## Forty Years in Service.

San Francisco, Cal., Aug. 3.—Major General Hamford, paymaster of the Southern Pacific Railroad company, has tendered his resignation, to take effect Aug. 4, on which date he will have completed his fortieth year of service in the company's employ. His action is entirely voluntary.

## Mother Rev. Alex Bealer Dead.

Thomasville, Ga., Aug. 3.—Mrs. E. J. W. Bealer, mother of Rev. A. W. Bealer, died at the home of her son here Friday night. She was buried in Atlanta Sunday afternoon.

## SYSTEM OF TRUNK ROBBERY.

### It Is Said Adams Express Company Has Lost \$100,000.

New York, Aug. 3.—The arrest of three men in Brooklyn disclosed the fact that the Adams Express company has lost \$100,000, according to the police estimate, through a series of trunk robberies in that borough.

It is not known whether the plot to steal from the express company extended to Manhattan and elsewhere.

The prisoners described themselves as Alfred Wilfort, twenty years old, a lather; John Cook, seventeen years of age, a plumber's helper, and Alfred Moule, eighteen years old, a driver. Three more drivers are being searched for by the police.

According to the detectives, the Adams Express company has been robbed by a clever system of counterfeit checks and tags furnished by a printer who was in league with the gang of trunk thieves.

When a trunk which was to be stolen was given to a driver at some one of the express depots in Brooklyn, the driver would put on the trunk the bogus check and tag. He would then deliver the trunk at the house of an accomplice.

## SUCCESSFUL AIRSHIP TRIAL.

### French Inventor Made Experiments at Brighton Beach.

New York, Aug. 3.—Rising from the ground like a giant bird and darting through the air at express train speed, Henri Farman's aeroplane, the interesting, heavier-than-air flying machine he brought here from France to demonstrate his ability to fly, made its initial flight in this country Friday at Brighton Beach.

It rose from an especially prepared platform and after attaining a height of twenty-five feet flew straight ahead on a direct line, finally alighting with exquisite grace when the noted air pilot diminished the motor power.

The few hundred spectators, most of whom were friends of the inventor or rival navigators, watched the flight with breathless interest.

Mr. Farman will make further trials with his machine. It is believed to be a success.

## LITTLE GIRL A HEROINE.

### Saved Baby from an Infuriated Bull Running Amuck.

Rome, Ga., Aug. 3.—Nine-year-old Marie Davis did an act of heroism that rarely occurs. An infuriated bull was charging through the street, and came upon Jewel Roberts, two years of age. The bull tossed the baby into the air, and proceeded to gore him. The little fellow frightened and badly hurt, screamed for help.

The little girl, attracted by the screams of the baby, rushed in at the risk of her life and dragged the baby into a yard before older people arrived to drive off the angry bull.

The bull chased the little rescuer to the gate, which she closed as she ran in, thus preventing the bull from entering. The baby is badly hurt.

Had the little girl not reached the baby as soon as she did the bull would have killed him.

## WOMAN INVENTS AEROPLANE.

### Miss Todd Claims Many New Features in Her Machine.

New York, Aug. 1.—Miss E. L. Todd, once a stenographer in the patent office at Washington and the first woman in America to invent an airship, announces that she has invented an aeroplane, the working model of which she hopes to exhibit at Brighton Beach when Henry Farman shows what his much larger flyer can do. Miss Todd says her aeroplane is perfect so far as present knowledge of aeronautics in general is concerned.

Miss Todd says her aeroplane is a collapsible one and can be reduced to about one-third its flying size when necessary, thus greatly simplifying the problem of transportation.

## Fell Three Stories—May Recover.

Columbus, Ga., Aug. 3.—In sight of Broad street pedestrians, Wash Howard, a negro man working on the new Higgs building, fell three stories, the result of stepping on a plank which tilted. His shoulder and leg were broken when he struck the ground. He was taken to the hospital.

## KILLS TWO AND SELF

### Farmhand Murders Employer and His Housekeeper.

#### THEN BLEW HIS HEAD OFF

Terrible Tragedy Occurs in Wealthy Farmer's Household Near Aurora, Illinois—Murderer Believed to Have Been Demented from a Spree.

Marion, O., Aug. 3.—A movement, a wealthy farmer living at Blackberry Center, a small village fifteen miles from here, was fatally shot early Saturday morning and his housekeeper was murdered by John Anderson, who was employed on Morrell's farm.

Anderson later committed suicide with a shotgun, blowing the top of his head off.

No cause is known for the attack on Morrell and the housekeeper, as Anderson is known to have been warmly attached to both of them.

Anderson had been drinking, it is said, heavily for several weeks, and it is believed he had become demented from the effects of his spree.

## BONFIRE MYSTERY.

### Two Men Arrested in Connection with Green Point Affair.

New York, Aug. 3.—Two men were arrested by the Green Point police in connection with the bonfire mystery of several days ago in which an attempt was made to burn the body of an unknown woman. The men were seen near the vacant lot where the body was found.

The men said they were laborers from Glenville, Conn., and gave their names as Julian Kurinski and Valenty Borkowski. In Kurinski's pocket were found a woman's handkerchief and several stickpins which he said he had bought. Both men said they were Poles.

The police assert they have evidence that the lot in Green Point has been the scene of night visitations by strange men in a vehicle.

Michael Kronolski, who lives near the place where the body was found, saw a wagon drive up to the lot and two men got out carrying a bundle resembling a mattress to the center of the lot, where they appeared to pour something over it, then set it on fire.

Kronolski said he thought nothing of the occurrence at the time as it was a common one.

## SAFELY CROSSES BORDER.

### Gen. Wardell with His Leper Wife Seeks Mexican Mountain Retreat.

Chicago, Aug. 3.—A dispatch to the Tribune from Los Angeles, Cal., says: "A telegram to the superintendent of the county hospital said that General G. C. Wardell and his leper wife with their nurses had safely crossed the Mexican boundary line and were on their way to a mountain valley retreat, where the aged veteran expects to spend the rest of his days nursing his afflicted wife."

General Wardell abdicated his spouse from the county hospital after learning she had leprosy, and after appealing in vain to the authorities to permit him to take her to Mexico where he might give her personal and professional attention.

## Mill Official Drops Dead.

Atlanta, Aug. 3.—Oswyn F. Brown, assistant superintendent of the Fulton Bag and Cotton Mills, died suddenly Friday. He had just walked into his office and was transacting some important business when he dropped dead. Coroner Thompson was called, but as there were eye-witnesses no inquest was held. The physician who was called pronounced death due to heart failure.

Central Railroad Moves Offices. Atlanta, Aug. 3.—C. O. Williams, of Macon, secretary of the Central Railroad of Georgia, has arrived in the city, and is busy in the establishment of the offices of the official force of the railroad in the Chandler building. Major J. F. Hannan, president, will arrive in the city about the 10th of August.

## WATSON'S PITCHING WAS GREAT FEATURE

Deserved a "No Hit" Game, But Luck Was Against Him.

### MITCHELL COPS PAIR OF SHOES

It Was in the Ninth That Oak Halls Pilled Them Up So High—Drew Team Will Be Greatly Strengthened for Today's Contest.

Mitchell came up smiling. The Umpire called "Strike two;" He braced himself, but naturally Was feeling rather blue—The bat met the next one and over the fence it flew. And now Mitchell's wearing the Walk-Over shoe.

Hard luck for Watson yesterday prevented him from pitching a no-hit game, and it was a pretty effort on his part, but the support failed just when it was needed.

The contest was uninteresting, from the fact that the "bunch" of Drew artists were not in our class, but new timber sent for last night by their manager promises to make it interesting for us today for the entire go round of nine innings.

Mitchell "copped" the pair of Walk-Over shoes and made a second stab which fell short only about two feet, while Watson put one out to center that would have easily reached left or right-field fence if traveling in that direction.

Perry, the Drew twirler, did some good work, but this was evidently an off day for the boys, as they failed to put up the game that they are known to produce in the way of baseball, but we are assured of better support for today's game.

The fans want good ball and a good team, but they exercise very poor judgment in encouraging the boys and the management by not attending the games as they should. Gainesville has always been noted for the pride she takes in her club, but from some cause they are not giving it the support this season that they justly deserve. Lend your presence and encourage the boys, and at the same time help them along financially, as it takes the wherewith to produce the articles of ball they are now handing you.

This is the way the thing happened:

#### First Inning.

Graham connected with a beauty to center, reaching the second sack; Sheets rolls one to the pitcher, advancing Graham to third, but loses out at first; Mitchell flies out to left, and Graham comes home; McLeod drops one at plate and is out. One run.

Miller goes out, third to first; Pound hits safe to third, who was too slow, and steals second; Hendricks balloons out to left; Felton pops out to second, leaving Pound on third. No runs.

#### Second Inning.

Denton out to pitcher; Watson lands safe in center, and McLeod, running for Watson, steals second; Taylor places safe hit to left, advancing McLeod to third; Cragin whiffs, and Marten goes out at second. No runs.

Merrill fans; White walks; Ingram pops out to pitcher, and White is

caught trying to steal second. No runs.

#### Third Inning.

Graham fans at three; Sheets places a safe hit through second, but was caught napping at first, and Watson fans. Nothing doing.

Price knocks one over in short's hands; Perry gets soaked in the ribs and walks down to first; Pound hits hot grounder by first and steals second sack; Hendricks retires the side over-left way by flying out. No runs.

#### Fourth Inning.

McLeod reaches first on fly to center, who drops it, and lightning-like steals second, and goes to third on passed ball; Graham plants safe one through third and scores McLeod; Denton, running for Graham, steals second; Watson out on grounder to first, advancing Denton to third; Taylor flies out, Cragin fans. One run.

Felton fans; Merrill walks; White lines one down to second, and McLeod and Cragin make a double, retiring the side. No runs.

#### Fifth Inning.

Marten hits to center; Graham sacrifices and advances Marten to third; Sheets grounded to pitcher, pushing Marten home, but was himself caught at second on Mitchell's grounder; McLeod hits safe to left, sending Mitchell across the rubber, himself reaching the third sack; Denton flies out to short. Two runs.

Ingram pops out to short; Price punched at three, and Perry followed suit. Still nothing in the score line for the Drews.

#### Sixth Inning.

Watson falls at three tries; Taylor out, second to first, and Cragin punts at the air, retiring side with a goose-egg.

Miller out, pitcher to first; Self fans; Hendricks grounded to right and goes to second on overthrow; Felton out, second to first. No runs.

#### Seventh Inning.

Graham out, second to first; Marten fans; Sheets out, pitcher to first. No runs.

Merrill fans; White follows in same way; Ingram walks; Price gets hit on his bread wagon, advancing Ingram to second; Perry lands safe in right, scoring Ingram and Price; Miller ballooned out to left. Two runs.

#### Eighth Inning.

Mitchell puts it over and "cops" the shoes; McLeod fans trying to duplicate his pal; Denton skies out to short, but Watson was wanting some shoes and hits a three bagger to center which would have easily gone over either right or left-field fence; Taylor ballooned out. One run.

Self flies out; Hendricks dropped one over to Mitchell and Felton run down to first. No runs.

#### Ninth Inning.

Cragin gets first on grounder to short, who fumbled; Marten hits safe to center; Cragin comes home on a wild throw, and Marten reaches the third sack; Graham gets four; Sheets

## WILL GO BACK TO HIS OLD MINE HOME

John Patterson. Four Times at the Camps, Turned Over to County.

### SELLING "BOOZE" THIS TIME

Patterson Confessed His Guilt Monday to Mayor Davis, Who Assessed Him \$50 and Costs, But Having No Money Was Bound Over.

John Patterson, who was arrested Saturday afternoon by Marshal Arnoff for selling an inferior article of "corn," will have the pleasure of a free trip to his old home, the mines, at an early date, as he was unable to pay the city fine and was turned over to the county authorities.

In the mayor's court Monday he first pleaded not guilty of the charge, but witnesses testified otherwise, and he himself, in his own statement, acknowledged the crime to Mayor Davis, when he was assessed a fine of \$50 and costs, and as he did not have the money he was turned over to the county authorities who will return him to the mines when his trial comes around.

Other cases before the mayor were George Bradley and Mixie Rowe, two colored boys charged with fighting and arrested by Policeman Zetrouer. They were taxed \$2 and costs each, which was promptly paid.

Olithia Lismore pleaded guilty to the charge of disorderly conduct and was told by the mayor to pay the marshal \$5 and costs or do twenty days' work on the streets. The money was paid.

fans; Mitchell hits to fence for three sacks, scoring Marten; McLeod bunts, and Graham and Mitchell reach home on passed ball, McLeod following the crowd; Denton hits safe to center, and steals second and third; Marten skies out; Denton comes home; Taylor goes to first on fumble of third, and steals second; Cragin out, short to first, for he was tired working 'em. Six runs.

Merrill gets first on error; White out, pitcher to first; Ingram takes a walk; Price walks; Perry fans; Merrill comes home on passed ball; Miller retires the side, short to first. One run.

#### KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once become infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. ## S.S.S. NATURE'S PERFECT TONIC

There is scarcely any one, no matter how vigorous and healthy, who does not need a tonic sometimes. Little physical irregularities upset the system, the appetite fails, digestion is poor, the body feels tired and worn out, and other unpleasant symptoms give warning that the system is disordered and needs assistance to ward off, perhaps, some serious sickness or ailment. S. S. S. is recognized everywhere as the best of all tonics, nature's medicine, made entirely of healing, cleansing, invigorating roots and herbs, a systemic remedy without an equal. S. S. S. has the additional value of being the greatest of all blood purifiers. It re-establishes the healthy circulation of the blood, rids the body of that tired, worn-out feeling, improves the appetite and digestion, and brings about a return of health to those whose systems have been weakened or depleted. S. S. S. acts more promptly and pleasantly than any other medicine, and those who are run down in health should commence its use at once. It will thoroughly purify the blood and tone up the system. S. S. S. is admirably suited for a systemic remedy because it is free from minerals; it may be used without harmful results by persons of any age, and no unpleasant effects ever follow.

## SESSIONS GOES DOWN IN WATERY GRAVE

Accident Occurred Sunday Morning At  
Gallus' Pond, Near Alachua.

### A YOUNG MAN OF TWENTY

Bathing With Party of Friends,  
and Being Unable to Swim, Was  
Laying Around in Boat Which Was  
Upsized.

Young Hale Sessions of Alachua  
drowned Sunday morning while  
bathing with a party of friends  
Gallus' Pond, just a few miles  
from Alachua station.

The young men of that section  
this place as a bathing pool and  
the numbers of them usually con-  
gregate there every Sunday for the  
purpose of taking their usual swim.  
It was early in the day when the  
of this young man was lost. The  
in which he had gone out to  
the water was deep was capsized  
and he was unable to reach the  
shore.

One of the party succeeded in  
swimming quite a distance with him,  
gave out before land was reach-  
ed and had to let go of the un-  
fortunate man in order to save his  
life, it being with the greatest  
effort that he managed to reach the  
shore.

The pond in question is one of a  
number of many sinks in that part of  
the county, and anyone not being  
able to swim is always compelled  
to remain close in and can only  
pull out with a boat or something  
able to hold them up. It was  
the young Sessions was far out  
the boat was overturned and he  
thrown in the water.

News of the accident was soon  
spread around the country and parties  
in the search for the body, but  
was late in the afternoon before  
searchers were rewarded by find-  
ing the remains.

Young Sessions was about 20 years  
of age and was the son of C. C.  
Sessions of Alachua. He leaves other  
members of his family besides numer-  
ous relatives to mourn his untimely  
death.

Gainesville People in Jacksonville.

The following notes concerning  
former residents of Gainesville are  
taken from The Jacksonville Times-  
Union of last Sunday:

Master Francis Stringfellow cele-  
brated his second birthday anniver-  
sary Thursday afternoon by entertain-  
ing a few of his very young friends  
in the neighborhood. The party took  
place on the lawn of his Riverside  
home and various amusements were  
enjoyed. Mrs. Robert L. Stringfel-  
low, Miss Claire Stringfellow, Mrs.  
William Kelly and Mrs. Fred King  
gave the girls and boys a charming  
time. Pink ice cream and cakes and  
bon-bons were served, and the beau-  
tiful birthday cake with its two pink  
candles was the most popular thing  
of the afternoon.

Dr. Gaston Day's friends have been  
cordially welcoming him home after  
his long absence. Since his gradu-  
ation from the Johns Hopkins Hospital,  
Dr. Day has been spending the past  
two years doing hospital work in New  
York city. It gives his large circle  
of friends and acquaintances much  
pleasure to know that he is to be  
identified with Jacksonville in the  
future.

Mrs. T. V. Porter, Miss Bessie  
Porter, and Miss Ruth Porter, are en-  
joying an extended visit in Illinois,  
traveling about in a very interesting  
manner.

### Dedication of Adventist Church.

The Seventh Day Adventists church  
building of North Gainesville was  
dedicated Sunday night. Elder R. W.  
Parmele of Tampa preaching the  
sermon and Elder C. B. Stephenson  
of Brookier offering the prayer.

The house was filled with interest-  
ing listeners, and when the sermon  
was finished and the financial report  
read, over \$70 was found to have  
been donated.

This sum cleared the church of  
debt and leaves a small balance in  
the treasury. A great deal of work  
has been done on this building the  
past three weeks to get it ready for  
this occasion, and it is now a neat,  
tasty edifice which is a credit to that  
community.

### Disagreeable at Home.

Lots of men and women who are  
agreeable with others get "cranky"  
at home. It's not disposition, it's the  
liver. If you find in yourself that  
you feel cross around the house, little  
things worry you, just buy a bottle of  
Ballard's Liver and put your liver  
in shape. You and everybody around  
you will feel better for it. Price 50  
cents per bottle. Sold by W. M. John-  
son.

Let a want ad. negotiate a trade  
for you—of something you don't need  
for something you do.

## GRANOLITHIC WALKS MUST NOW COME UP

Members of Board Made Examination  
and Above is Finding.

### SOME OF THEM "TO THE GOOD"

The Most of Them Are Cracked But  
Board Does Not Think This In-  
jures Them, and Will Let Such  
Stand.

There are several of the grano-  
lithic sidewalks that will have to be  
taken up and relaid, according to the  
findings of the Board of Public Works  
who have looked after the matter.

There are very few of the walks  
in the city but what have become  
cracked, but in the opinion of an ex-  
pert on the matter who the board  
consulted it was thought that this  
would not interfere with the walks  
and that they were just as good as  
though they were not cracked, as it  
would not impair them for service in  
the least.

The board, however, discovered the  
fact that there are several places in  
the city where the work will have  
to be done over, and in this case it  
means that the walks will have to  
be torn up and relaid.

Notwithstanding the fact that Mr.  
Petre is not here, the members of the  
board in the city say that there will  
be no trouble in having the work done  
according to the contract, as the  
bond given by him was a good one  
and the bondsmen can be held to do  
this work, and they will be called  
upon to make the same good.

### HIS HORSE WAS STOLEN.

Locking the stable after the horse  
is stolen is about as sane an act as  
trying to grow hair after the head is  
bald.

If the hair root be absolutely dead,  
permanent baldness will be your lot,  
and you might as well cheer up and  
tell your friends that it isn't so bad  
after all, as to bemoan your fate.

But if your hair is just beginning to  
thin out; if the thought occurs  
to you that in  
a year or two  
you can take  
your seat in  
bald headed  
row without  
being asked  
for creden-  
tials, then  
you've got a chance, and a great big  
chance.

If your hair is falling out or thin-  
ning out, don't wait another day; go  
to W. M. Johnson, the druggist, and  
get a bottle of Parisian Sage, the  
most efficient hair grower the world  
has ever known.

Don't say, "It's the same old story;  
I've heard it before," but try a bot-  
tle at W. M. Johnson's risk.

He guarantees Parisian Sage to  
grow hair, to stop falling hair, to  
cure dandruff, and stop scalp itch in  
two weeks, or money back.

Parisian Sage is the most invigor-  
ating hair dressing made. It is anti-  
septic; it kills all odors that are  
bound to arise from excretions of the  
scalp during the hot months, and  
everyone knows that sage is very  
cooling to the scalp.

Parisian Sage is a prime favorite  
with discriminating ladies, because it  
makes the hair lustrous and luxuriant.  
Get a large bottle from W. M. John-  
son for only 50 cents, or by express,  
all charges prepaid, from the Ameri-  
can makers, Giroux Mfg. Co., Buffalo,  
N. Y.

Are you a member of the Just-  
Glanced-at-Them Family? It is better  
to read and answer the ads.

Woman loves a clear, rosy comple-  
xion. Burdock Blood Bitters purifies  
the blood, clears the skin, restores

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$5 a year; \$2.50 six months; \$1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, state and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

What could be more appropriate than that Candidate Taft should first read his speech of acceptance to the man who presented him with the nomination.

The rumor is not confirmed by Private Secretary Loeb that President Roosevelt was "delighted" on learning of the remission of the \$29,240,000 fine of Judge Landis.

At Fresno, Cal., a butcher has been arrested on the charge of gathering in many stray dogs and working them up into bologna. Somebody must have found a piece of the muzzle in his sausage.

The Roosevelt deficit for last month has passed the \$20,000,000 mark. This is nearly double the deficit for the same period last year and year before, and this is also the last year of Mr. Roosevelt's administration.

That's right, come to The Sun office for a free "puff," and then take your job printing to the other fellow. It makes the editor feel more inclined to favor you next time, you know. Probably some of the religious societies will "see the point," as well as others.

A prime occasion for an adequate distribution of the Standard Oil Company to the Republican campaign fund is now presented. If given in the individual names of Rockefeller, Rogers, Archbold, and other Standard magnates the law against corporations can be happily evaded.

The Georgia railroad commission has ruled that newspapers in the State may accept transportation in exchange for advertisements. This decision is of particular interest in view of the recent ruling of the federal court in Chicago in the Monon railroad case that such contracts are not legal.

The Sanford and Everglades Railroad Company is the name of a new railroad corporation just organized in Sanford. The object is to survey a route from Sanford to the Everglades. The first five miles will pass through the celery district known as Celery avenue and will probably be built at once.

The editor of The Sun has been asked several times of late why it is that no detailed statement of the financial condition of the city has been made public for the fiscal year ending last April? We are unable to answer the question, and respectfully refer the persons making the inquiry to the City Council.

These persons who are now clamoring for the abolition of the present convict lease system would be the very first ones to cry out against the increase in taxes which would unquestionably come about as a result of putting the convicts at work on the public roads or their incarceration in a State prison. The time will come when the State can afford to abolish the lease system, but that time is not now. The convicts are at present very well treated by the lessees, and most of the reports of cruel treatment are sent out by sensational correspondents, and are not warranted by the facts in the case.

## THE FARMER.

"If there is any class of people which deserves to prosper and receive the full cash value for their 'toil,'" says The Green Cove Springs Times "it is this class. The man behind the gun may have value as a civilizer, the miner has his place in the world, the manufacturer is a valuable asset, and the educator is a benefactor to the human race, but the farmer is a necessity. Let his plow and his hoe stop, and the world will starve. He is the man who feeds the world, the man who clothes it, and he furnishes the material which keeps the spindles of industry in motion. Without him and the product of his toil, there would be nothing doing.

"If every miner should strike, if every manufacturing enterprise should close its door, if every educator should take a vacation for thirty days, the world could stay in business, but if the farmers should close up shop for that length of time thousands upon thousands of people would face starvation.

"The farmers have never been appreciated at their true value. Civilization has never really understood their inestimable value.

"The fact that the farmers constitute such a large body of citizens is reason that there has never been a perfect organization of this class. Many efforts have been made to effect organizations that would accomplish something along the line of protection, but invariably these organizations have drifted into politics, which was their death knell.

"The present organization of the Farmers' Union gives bright promise of accomplishing great good, the leaders have steered clear of political shoals and have resolutely refused to have any part or parcel in political affairs. This proves the wisdom of both leaders and the body of the union, and if the organization sticks to its present purpose great good will result and the farmers will be permanently benefited.

"There are other organizations of farmers' and agriculturalists which are accomplishing great good along these lines, and we wish for each and every one of them all possible success."

The sort of advertising that really focuses attention on a store, or an enterprise, a venture of any kind—that puts it squarely in the "spot-light," and holds it there—that sort of advertising is a test of the merits of the store or enterprise. And it's a hard test. A merchant who is "doubtful" about his store had better put things right before he gets into the white light. For real publicity will uncover defects, as well as emphasize merits, in goods, in service, in any phase of store-keeping. The stores that have thrived on big advertising have passed the severest tests. They have not been found wanting. That they continue to be big advertisers is proof of their having "won out" under the "spot lights." When your store is ready for the test, make it boldly. To win is to be aligned with the big stores. Not to try is to never emerge from the ranks of the little fellows, so far as advertising goes.

If you think you are doing the publisher a financial favor by subscribing for his paper, you are sadly mistaken. The subscription list of every paper in the country shows a loss now on account of the increased price of print paper and labor, and if you really feel an interest in the financial success of your home paper you should advertise in it, and have your job printing done where you expect favors in the way of notices.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. N. J. CHENNY & CO., Sold by druggists, 75c. Toledo, O. Take Hall's Family Pills for constipation.

## THE ORANGE OUTLOOK

The best information that we can gather of the orange prospects today indicate that the crop is not uniform throughout the State. From Middle Florida, where the freezes of '94 and '95 almost wiped out the industry, the resuscitated or new groves now, in full bearing, are loaded with an excellent crop. There, July sales on the trees have been made at as low figures as seventy-five cents for oranges and one dollar for grapefruit.

DeSoto has been hard hit by the drouth and will have a smaller crop than the average except on irrigated groves, which are showing up fine. The trees, owing to alternating rains and drought, will have about three grades of fruit, that from the early winter bloom, the June bloom, and the July and August bloom, with goodness knows what later developments.

Lee county is boasting of a large and fine crop this season. Estimates are given of a six-million-box crop of citrus fruit for Florida this year, but this seems to be altogether too large, as the acreage of Middle Florida orange groves is not what it once was, and cannot therefore produce a crop that there are no trees to bear.—Arcadia Champion.

Fishermen are frequently accused of stretching the truth, but accusations of this kind are usually not well founded, says The Era Dispatch. A fisherman can tell the truth as well as any other person, many of them with both hands tied behind them. For example, Elijah Cosgrove, Quincy, Ill., a fisherman of repute, relates that ten years ago he was fishing in one of the famous resort lakes of Indiana, when he dropped a \$10 gold piece into the water and saw a pickerel swallow it. Since then he has fished assiduously for the pickerel and a week ago last Sunday caught it. Opening the fish he found the original \$10 and \$9.59 in change—being the interest that had accrued while the money had been on deposit in the fish.—Fishing Gazette.

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable

Almost everybody who reads the news papers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

# HERBINE

## The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

### CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

## NEWS OF CITY AND COUNTY CONDENSED

of General Interest Gathered by Our Reporters.

### PERSONAL AND SOCIAL ITEMS

Has Happened and What is going to Happen Told in Short Paragraphs So That "He Who Runs May Read" it in The Sun.

Secure a tenant for that vacant house through a classified ad. in The Sun.

Bert Baker of Hawthorn was among the out-of-town people transacting business in the city yesterday.

It would be about as wise to conceal the fact that you had broken up as to conceal (through failing to advertise) the fact that you wanted a tenant.

J. Burkhim, the East Side clothier, has returned from the Northern states, where he has been for the past ten days purchasing his fall line goods.

H. Gibbons of Archer and John of Arredondo paid the city a business visit yesterday in reference to school matters with Superintendent Kelley.

John Kennedy, who has been absent the past several weeks, arrived in the city yesterday on a visit to his mother, Mrs. C. E. Kennedy, on Myrtle street.

C. McMahan and W. F. Lewis started yesterday for McIntosh, where they go to complete the brick work on the fine residence of W. E. Estlin at that place.

Dr. Regulets cure constipation, soothe the stomach, stimulate the liver, promote digestion and appetite and regulate the passages of the bowels. Ask your druggist for them. 25 cents a box.

B. Pfifer, one of the prominent merchants of High Springs, was in the city yesterday. He came down the purpose of visiting his wife, who is stopping with her sister, Mrs. B. Saunders.

W. Bennett, who has been connected with Bodiford & Co. for the past several months, has resigned his position and will visit friends in the city for a few weeks before returning to his home.

The preliminary hearing of Willie Wiley and Truby Osteen, charged with the killing of W. H. Moreland at High Springs on last Wednesday night, will possibly be held today before Judge H. G. Mason.

M. D. Beal, one of the salesmen in the Morgan & Co's. store, is nursing a bad cold as a result of blood poison contracted while cutting meat last week. The wounded member is very painful and the attending physician assures him that it will be all right in a short time.

Mrs. J. W. Lowman of Raleigh, who has been in the city for the past week on a visit to her mother, Mrs. Mott, returned to her home yesterday. She was accompanied by her sister, Miss Dolan Mott, who will visit her for a few days.

Chas. Faircloth, cashier of the Gainesville National Bank, and W. H. Sprouell returned yesterday from Otter Creek, where they spent Sunday with their friend, S. J. Gunn, superintendent of the Otter Creek Lumber Company.

Miss Susie Moreland of Tampa was yesterday placed in the Sanatorium in this city. She was visiting relatives at Prairie Creek when she became sick and was removed to the hospital where she would receive the proper nursing.

Mrs. S. M. Witherspoon and daughter, Miss Tirzah, left yesterday for Daytona, where they will spend the next few weeks. Mrs. Witherspoon has closed up her boarding-house for a month and expects to enjoy a well-earned vacation.

Miss Callie McCall of Washington City, who formerly lived here, is on a visit to the family of Capt. W. O. Tison. She will spend some time visiting relatives in this and other sections of the county before returning to her home.

Mrs. R. D. Medlin, Miss Kate Medlin and Master Oscar, departed yesterday for the mountains of North Carolina, where they will spend the remainder of the heated term, returning here in the fall. "Uncle" Bob will join them in a few weeks.

Cauley McCall, a member of the Jacksonville Olympic Baseball Club, made a pleasant call at The Sun office yesterday. He is a son of Hon. Thos. F. McCall of St. Petersburg, and is glad to cross palms with a member of the McCall family.

A lively runaway was witnessed on North Garden street yesterday afternoon, when the horse attached to the delivery wagon of McCormick & Howe became frightened just back of the Diamond ice factory and made a dash down the street. In attempting to turn up on Mechanic street the wagon was hung up on one of the posts but parties soon appeared on the scene and kept the animal from proceeding further or injuring anything.

We carry a full line at mighty attractive prices.

## BABY GIRL CRIED AND SCRATCHED

All the Time—Torturing Eczema Covered Her Body—Could Not Sleep—Doctor Said Sores Would Last for Years—Skin Now Clear.

### CURED IN THREE MONTHS BY CUTICURA REMEDIES

"I take great pleasure in telling you what a great help it was for me to use Cuticura Soap and Cuticura Ointment for my baby niece. She was suffering from that terrible torture, eczema. It was all over her body but the worst was on her face and hands. Her hands were so bad that she could not hold anything. She cried and scratched all the time and could not sleep night or day from the scratching. I had her under the doctor's care for a year and a half and he seemed to do her no good. I took her to the best doctor in the city and he said that she would have the sores until she was six years old. But if I had depended on the doctor my baby would have lost her mind and died from the want of aid.

"I used all the remedies that everybody told me about and I tortured the child almost to death. Then I saw in the paper how Cuticura was the thing for irritating skin. I bathed her with warm water and Cuticura Soap and used the Cuticura Ointment. She was cured in three months. Now her skin is as clear and smooth as it could be. I shall recommend the use of Cuticura wherever I see the skin in bad condition. Alice L. Dowell, 4789 Easton Ave., St. Louis, Mo., May 2 and 20, 1907."

### GROWS HAIR

Cuticura Removes Dandruff and Soothes Itching Scalps.

Warm shampoos with Cuticura Soap, and light dressings with Cuticura, prevent dry, thin, and falling hair, remove crusts, scales, and dandruff, destroy hair parasites, soothe irritated, itching surfaces, stimulate the hair follicles, loosen the scalp skin, supply the roots with energy and nourishment, and make the hair grow upon a sweet, wholesome, healthy scalp when all other treatment fails.

Mrs. J. W. Lowman of Raleigh, who has been in the city for the past week on a visit to her mother, Mrs. Mott, returned to her home yesterday. She was accompanied by her sister, Miss Dolan Mott, who will visit her for a few days.

Chas. Faircloth, cashier of the Gainesville National Bank, and W. H. Sprouell returned yesterday from Otter Creek, where they spent Sunday with their friend, S. J. Gunn, superintendent of the Otter Creek Lumber Company.

Miss Susie Moreland of Tampa was yesterday placed in the Sanatorium in this city. She was visiting relatives at Prairie Creek when she became sick and was removed to the hospital where she would receive the proper nursing.

Mrs. S. M. Witherspoon and daughter, Miss Tirzah, left yesterday for Daytona, where they will spend the next few weeks. Mrs. Witherspoon has closed up her boarding-house for a month and expects to enjoy a well-earned vacation.

Miss Callie McCall of Washington City, who formerly lived here, is on a visit to the family of Capt. W. O. Tison. She will spend some time visiting relatives in this and other sections of the county before returning to her home.

Mrs. R. D. Medlin, Miss Kate Medlin and Master Oscar, departed yesterday for the mountains of North Carolina, where they will spend the remainder of the heated term, returning here in the fall. "Uncle" Bob will join them in a few weeks.

Cauley McCall, a member of the Jacksonville Olympic Baseball Club, made a pleasant call at The Sun office yesterday. He is a son of Hon. Thos. F. McCall of St. Petersburg, and is glad to cross palms with a member of the McCall family.

A lively runaway was witnessed on North Garden street yesterday afternoon, when the horse attached to the delivery wagon of McCormick & Howe became frightened just back of the Diamond ice factory and made a dash down the street. In attempting to turn up on Mechanic street the wagon was hung up on one of the posts but parties soon appeared on the scene and kept the animal from proceeding further or injuring anything.

The county commissioners of Dade county have fixed the tax rate at 30 1/2 mills for this year.

St. Johns county has just shipped a carload of wool. It was raised by N. J. White of Dupont, and is the first solid carload to leave the East Coast.

The crop outlook in Baker county is reported good at the present time. Corn will be made in abundance, as well as other feed crops. The Sea Island cotton crop will be short.

Chas. P. Buckley of Jacksonville, who last Sunday a week ago fired two bullets into his wife's body, now faces the charge of murder in the first degree. Mrs. Buckley having died of her wounds in St. Luke's hospital, where she was taken after the shooting. Buckley has been denied bail and will have to remain in jail until his case can be tried in the circuit court of that district.

The postoffice at St. Andrews, a small town east of Pensacola, was broken into Wednesday night, according to reports received yesterday, and robbed of about \$100 in cash and many stamps, as well as stamped envelopes. Government inspectors have gone to the place to make an investigation. The parties committing the robbery were evidently familiar with the office and easily secured the money.

Lawrence Jones, an old colored man, a farm hand of E. P. Smith who resides near Jasper, was killed last Thursday by a mule. He jumped on the mule he had been plowing sideways, and while en route to the lot the mule threw him, and in falling he became entangled in the gear some way, from which he could not extricate himself, and the mule ran about a couple of miles dragging the old fellow, his head striking against everything it came in contact with. Finally the mule ran itself completely down, and was caught and the dead body of the old darkey taken from the harness.

Was Shot by Negro Tenant. Louisville, Ga., Aug. 3.—R. G. Brown was probably fatally shot at his home by Vince Williams, a negro tenant on his place. In the afternoon Mr. Brown remonstrated with him for some of his acts on the farm, and the negro ran. After supper Mr. Brown and his family were sitting on their front porch, and it is said, the negro approached with a shotgun, shooting him in the head.

## GEORGIA LEGISLATURE.

**House Passes a Number of General Bills—Annual Pension Payments.**  
 Atlanta, Aug. 3.—At a brief session of the house Friday several general bills were passed.

Chief among these was the "purification of the ballot" bills introduced by Mr. Wright, of Richmond.

The first provided for the filing and publication of the expenses, and how spent, of the candidates for all offices to be voted for in the democratic primary.

The next bill was to prohibit corporations from contributing to campaign funds or money to be used for political purposes. It provided a fine of five times the amount contributed and punishment for the contributor by imprisonment from one to four years. This bill passed without objection, receiving the vote of the 100 members present.

**Agricultural Schools.**

That the eleven district agricultural colleges of the state, and the \$100,000 agricultural college at Athens will be taken care of by Georgia this year, house appropriation committee Friday reported favorably measures which looked to this end.

In addition, the committee took favorable action upon the measure by Mr. Barrett, of Stephens county, which provides for a return to the practice of paying off pensioners annually, instead of quarterly. This practically insures the passage of the measure this season.

Favorable report was made by the house general judiciary committee on Friday afternoon on three general bills of universal importance—the Australian ballot measure, the employers' liability bill and that measure which provides that wills executed in foreign lands may be admissible as evidence when properly probated abroad and at place of action.

The senate committee substitute for the Deen banking bureau bill was amended and passed by the senate Friday and immediately transmitted to the house.

On motion of Senator Peacock his bill putting solicitors general on salaries was tabled and made the special order for Tuesday, following the consideration of the Felder convict bill.

This bill provides for the appointment of a state bank examiner and necessarily assistants. The examination of fees for the payment of these examinations; limiting the bank's borrowing capacity; to fix the liability for embezzlement and for other purposes.

**SITUATION AT ANDRIANOPLE.**

**Strong Feeling is Said To Exist There Against the Sultan.**

Constantinople, Aug. 3.—The situation at Adrianople, the headquarters of the second army corps, is giving rise to much concern.

The strong feeling there against the sultan has been evidenced by the tearing down of placards bearing the words "Long live the sultan," while at a meeting held in the public gardens, a protest was raised against cheers being given for the sultan.

Messages received here from the provinces set forth that the army will not tolerate any trifling with the new constitution, which must be upheld in its entirety.

**Beaten to Death with Hammers.**

Paris, Aug. 3.—The inhabitants of the suburb of Atony have been aroused by an atrocious crime committed in a girl's boarding school. The aged directress of the institution, Jeanne Larrien, a member of the Order of the Sisters of St. Andre, was beaten to death by hammers in the hands of two masked men. The cries of the unfortunate woman brought to her room two of the assistant sisters, who in turn were attacked by the two men and brutally, though not fatally, beaten. The assailants escaped.

**Alleges "Psychic Cruelty."**

Chicago, Aug. 3.—"Psychic cruelty" is what is alleged to have forced Charlotte Walker, leading woman in "The Wolf," now playing at the Chicago opera house, to sue for divorce from her husband, Dr. John B. Haden, of Galveston. Miss Walker states that a rumored engagement between herself and James K. Hackett has had nothing at all to do with her separation from her husband.

**Italy Will Investigate Riot.**

New Orleans, Aug. 3.—Chevalier Charles Papalini, acting consul of the Italian government at New Orleans, has forwarded to the Italian embassy at Washington a complete report on the recent clash between Italians and American citizens at Natchitoches, Tangipahoa parish, La. It is understood that the matter will be taken up and acted upon immediately by the Italian government.

**NATURE AND A WOMAN'S WORK**

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering.

The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. Bertha Muff, of 515 N.C. St., Louisiana, Mo., writes:

"Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my troubles public.

"For twelve years I had been suffering with the worst forms of female ills. During that time I had eleven different physicians without help. No tongue can tell what I suffered, and at times I could hardly walk. About two years ago I wrote Mrs. Pinkham for advice. I followed it, and can truly say that Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice restored health and strength. It is worth mountains of gold to suffering women."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Muff, it will do for other suffering women.

**DEATH OF JUDGE FOOTE.**

**Atlanta Citizen Dies Suddenly at Worcester, Mass.**

Atlanta, Aug. 3.—A telegram received in Atlanta Friday announced the death of Judge William Edward Foote, which occurred at the home of his daughter, Mrs. Albert S. Haywood, of Worcester, Mass., whom he had been visiting for the past two months.

Judge Foote was sixty-five years of age, and was born in east Tennessee. He was a resident of Atlanta for thirty-three years, and was for four years judge of the justice court on Decatur street which is now presided over by Judge Kingsberry.

Judge Foote served throughout the civil war with the confederate forces as a member of the Twenty-seventh Tennessee regiment.

**In the Matter of Tyler Lumber Company, Bankrupt—Notice to Former Employees.**

Wages due workmen and employees of the company at the time of its failure are preferred under Section 64 (B) 4 of the Bankruptcy Act and will be paid in full under order of the court, as soon as the Trustee has sufficient funds in hand. Such workmen and employees should file proof of debt with the Referee, Stanley W. Dexter, 71 Broadway, New York City, N. Y., at once. Blanks for that purpose will be furnished free of charge on application to Wm. H. Montgomery, General Superintendent, at Tyler, Florida.

It is unnecessary for workmen and employees to pay any fees or charges for the collection of their wages, as the Trustee has been instructed by the Referee in charge to pay the wage claims out of the first available assets.

## BRIEF DISPATCHES.

A series of terrific thunder and rain storms have caused destruction and heavy loss of life in the Austrian Tyrol.

After suffering for nineteen years from elephantiasis, Mrs. Anna E. Lynch died at her home near McKeesport, Pa. At her death she weighed 510 pounds.

The body of the drowned man at Gravesend Bay, which was supposed to be that of Harry Cornish, has been identified as that of Owen McCarthy, foreman of a box factory in New York city.

Fire at the plant of the E. D. Jones Steel Ball Bearing company, a short distance outside the city of Buffalo, N. Y., caused a loss of \$150,000, partly covered by insurance.

The International Olympic regatta came to an end Friday with a sweeping victory for the United Kingdom oarsmen, who have defeated all the continental rowers who participated in the races.

Mike Soraek, of Cincinnati, and Jack Johnson, the negro heavyweight, have been matched to box twenty rounds at the National Sporting club in London, on Oct. 19, for the world's championship for heavyweights.

L. N. Scott, of St. Paul, and A. Leo Stevens, the well known aeronaut, have completed the preliminary arrangements for a balloon race to take place from St. Paul, or Minneapolis about Sept. 1. The race will be open to all comers and suitable prizes will be offered.

**Gone to Hongkong.**

Some time ago a large tea shop was opened in a town near London. To attract customers it was announced that each purchaser of a pound of tea would receive a check for a shilling to buy goods on a certain date. The proprietor did a flourishing trade till the day came for the checks to be presented. Crowds of customers came and were dreadfully disappointed to see the shutters down and on them a big poster, which read:

"Our compliments to our customers, and we beg to state that we have gone to Hongkong for more tea."—London Express.

**Mannish.**

Mr. Dubley—How awfully mannish she is! Miss Smart—She is, indeed. Mr. Dubley—Yes, and the funny part of it is she thinks people admire her for being that way. It's queer she doesn't realize that people are only laughing at her. Miss Smart—Well, she's mannish even to that extent.—Philadelphia Press.

**A Square Deal**

Be assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz., pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hacking coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

**CONVENTION ADJOURNS.**

**West Virginia Democrats' State Ticket Is Complete.**

Charleston, W. Va., Aug. 1.—After completing its ticket by naming E. H. Morton, of Webster county, for attorney general and choosing Howard Llewellyn Swisher, of Monongahela, and Bruce McDonald, of Logan, for presidential electors, the democratic state convention adjourned sine die at 5 o'clock Thursday morning.

Just before adjournment a resolution was passed providing that in future the member of the national committee be chosen by the convention that elects delegates at large and not by the delegates as in the past.

The present national committeeman, John T. McGraw, seconded the resolution.

**PEACE AT PENSACOLA.**

**Florida City Quiet After Bloody Lynching of Thursday.**

Pensacola, Fla., Aug. 1.—This city has quieted down somewhat from the strenuous hours of Thursday night. The fearful cost at which the negro, Leander Shaw, was secured and made to answer the penalty of an outraged people, is greatly deplored, and citizens are a unit in expressing sorrow over the result of the storming of the county jail.

The coroner investigating the riot found that Leander Shaw came to his death at the hands of men unknown to them.

Two men killed and nine wounded, some of them fatally, was the result of the attack on the jail.

**Reunited After 33 Years.**

Birmingham, Ala., Aug. 1.—Andrew Hullett, who has been living near Knoxville, Tenn., for 33 years, returned to his old home in Mount county, Alabama, a few days ago, and was surprised to find his wife still living and glad to see him. Some time after he left home, 33 years ago, he heard that his wife had died, and he never returned to Alabama until this week. Mr. Hullett is seventy-three years of age, and his wife is seventy.

**Heat Drove Him to Suicide.**

Burlington, Iowa, Aug. 3.—Search for Dan Lamasey, of the well known Kansas City riding horse firm of Lamasey Bros., who had disappeared while visiting his wife's brother here, developed the fact Friday night that he had committed hari kari. Lamasey's body was found in a secluded hollow, the abdomen ripped open by a pen knife which was still clasped in the dead man's fingers. It is believed that he was made delirious by the heat. His watch and money were intact.

# TALE OF PORTO RICO

us Story of the Haunted Sentry Box.

T ON THE OLD LEGEND.

of the Many Mysterious Disappearances From Fort San Cristobal Hunted For by the Revelation of Lost One Himself.

ing in the Journal of the Military Service Institution, Captain A. P. S. Hyde of the coast artillery this curious story of "the haunted sentry box" of Fort San Cristobal, an ancient Spanish built fortress guards the entrance to San Porto Rico:

number of picturesque sentry built of masonry and appearing minarets are placed at points of in and around the fort. One on the sea front, and reached through a long and dark tunnel the interior of the fort, is known as La Garita del Diablo, the devil's sentry box, usually, although incorrectly, translated the sentry box. This name was given to it by the Spanish soldiers for reason that a number of sentries had there disappeared in a most mysterious manner and were never heard from.

American officer was once on that took him into the remote interior of the island, and while spending a night in a small settlement he had in conversation with a number of the inhabitants of the place. A man, on learning that the officer was stationed at Fort San Cristobal, became especially interested and the course of the conversation told following story:

I used to be a soldier in the Spanish army and was stationed at Fort Cristobal. A number of soldiers on sentry duty had mysteriously disappeared from the sentry box down the sea, and we had all become convinced that it was haunted by the devil. We thought, used to come and steal the soldiers away.

One stormy night it fell to my duty to go on duty in the devil's sentry box as we called it, at midnight, and as with some doubts and misgivings I went with the corporal of guard and relieved the former sentry. When they left me I listened to the sound of their footfalls reverberating from the walls and ceiling of the narrow passage, ever grow fainter and fainter as they receded until finally the noise of the storm the sea completely drowned it, I was left alone with the mad elements.

It was a mad night and one well calculated to add to the feeling of awe the devil's sentry box always inspired into the man on duty there at night.

Presently my attention was attracted by some lights in a small tavern on the shore below the fort, where some of us were wont to go when off for a glass of rum. Then I began to think that I might be able to go down over the rocks to the sea, get a glass of rum at the tavern and return to my post.

The more I thought of it the more I was determined to go, so finally, taking my rifle and belt in the sentry box I climbed over the wall and down the rocks and so made my way to the great labor and difficulty and no danger to the little house, where the occupants were making merry dancing and drinking. I soon began to enjoy myself with them.

When one is dancing with a fair girl he sometimes forgets the passage of time, as I did on that fatal night, and not until long after 1 o'clock I began to think of returning to my post. Then, realizing that the corporal had made his inspection and had not seen me, I went back to my post, only a court martial and the gallows staring me in the face, for in the days for a sentinel in the Spanish army to quit his post meant sure death, even in peace.

To go back was out of the question. There was only one thing left to do, and that was to desert. I was captured, the same fate would be meted out to me; but, I reasoned, if I went back the fate would be a court martial, whereas if I deserted I had a chance of keeping out of the hands of the authorities. I deserted before morning was out of the sentry box and on the way to the mountains.

I have lived in this little hamlet for years and have never been back to the sentry box since that day, nor have I told my story to a single soul until now that the Spaniards have no longer fear for my life. I have the story of the haunted sentry box from one of the very men who so mysteriously disappeared from it, and it would seem to be probable that the other disappearances were accounted for in a similar manner.

manner were the truth known. Queen

captain Hyde mentions an interesting fact that, although for centuries Porto Rico was considered the legitimate prey of freebooters and was attacked at various times by regularly organized expeditions of the English and the Dutch during times of war, with more or less success, Fort El Morro has never been captured by an enemy, and its only surrender was to the Americans, together with the surrender of the whole island.

### The Dogs of Constantinople.

There are at least 235,000 dogs in Constantinople, which has a population of 1,150,000. They are the vilest of cowards and are the scavengers of the city. It is said that scores of people are bitten daily by the dogs of Constantinople, but that a case of hydrophobia was never known there. Three centuries ago Nassuf Pasha, grand vizier to Achmet III., transported all the dogs to Asia and would have had them destroyed there, but the sultan, on consulting the mufti, was told that every dog had a soul and consequently forbade such wholesale destruction. After the slaughter of the janizaries Mahmoud intended to get rid of them, for he caused an immense number of sausages (to be made and, having poisoned them, gave the dogs a feast. Many thousands were thus killed in one day, but the people murmured so much that he was afraid to begin a second day's work. He therefore ordered them to be expelled to Asia, but the order was very indifferently executed, and in a short time the dogs were as numerous as during the time of the janizaries.

### The Dog Morland Painted.

Of the many stories of the seemingly unconscious heroism of Newfoundland dogs none is more interesting than the one concerning the noble dog which Morland afterward painted.

When William Phillips, bathing at Portsmouth, ventured beyond his depth and was drowning, two boatmen, instead of setting out to his rescue, haggled about a reward from the bystanders, who were urging them to go to Phillips' rescue. In the midst of the controversy a Newfoundland dog leaped into the water and brought the exhausted bather to shore. Mr. Phillips bought the dog from its owner, a butcher, and yearly gave a festival in honor of his rescuer.

It was for Mr. Phillips that Morland painted the dog's picture, and Bartolozzi engraved it.

### A Dream Warning.

A strange story comes from Calabria. One Braccala, a resident of Pizzo, had a dream in which he saw his son, twenty years of age, being attacked by two men, who were stabbing him with knives. Braccala awoke and, arousing his wife, told her what he had seen. She tried to calm him, but while they were still discussing the matter a noise was heard in front of the house, and hastening down, Mme. Braccala opened the door just in time to catch her son in her arms as he fell swooning to the ground. He had been attacked and stabbed and died shortly afterward.

## THE FOREHEAD.

What Its Size and Shape Are Said to Indicate.

A high forehead to be very good should be well developed about the eyebrows.

Breadth of forehead is always favorable. It is distinctly connected with breadth of character.

A forehead that curves back reveals a poetic temperament, a fondness for the arts and a talent for either music or painting.

Of course a broad forehead may be part of a weak face, and a weak chin and mouth will naturally give a truer impression of character than even a combination of a narrow forehead with an otherwise strong face.

If there is quite a perceptible bulge of the eyebrows, combined with a high forehead, the sign is of a calm, cool, deliberate thinker.

If with these eyebrows is combined a forehead that slopes gradually back, a sensitive, poetic temperament is disclosed. If, again, they are combined with a short, narrow forehead, the subject will be successful in business and in everything connected with worldly matters, but he will be incapable of appreciating to any extent or of creating anything connected with the arts.—New York American.

## SAW IT IN A DREAM.

A Lost Check and the Peculiar Way It Was Found.

A wealthy New York lawyer sat up late one night writing letters he had not been able to finish during the day. It was past midnight when he went out to mail them, and when he returned and was undressing he paused in dismay, missing a check for a large sum received during the day and taken home with him. In vain was the house ransacked at that late hour. He went to bed convinced that the lost check must be in the house. An hour later he fell into uneasy slumber and beheld as with his eyes of the flesh the pink check curled about an area railing four or five doors from his own house.

So real was the dream that the troubled man woke up, dressed and, slipping down the stairs into the street, walked along the sidewalk to a spot still seen vividly in his mind, and there, sure enough, standing edge upward and partly curled about the iron, was the missing check. "I think," he reported to the Psychological Research society, "my subconsciousness must have noticed it fall from my pocket as I walked to the mail box and my subliminal self pointed it out to me in sleep."—William G. Fitz-Gerald in New York Tribune.

### Solenodons.

Only two species of that singular insectivorous mammal, the solenodon, are known, one inhabiting Haiti and the other Cuba. They differ chiefly in the color and quality of their fur. Solenodons are quaint looking animals, rather larger than rats, with long flexible snouts and naked tails. They are nocturnal and obtain their food by digging in the soft ground for insects, etc., with their snouts. Their brain capacity is small, and they are said to have the curious habit when hunted by dogs of hiding their heads in the nearest holes and leaving their bodies exposed.

## DO YOU WANT TO MAKE OR LOSE MONEY

## THIS SUMMER?

THERE is no good reason for any "summer dullness" in the stores of this city. That's a strong statement—but its not nearly so strong as the one to follow.

No store in this city ever suffered from summer dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this city—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS summer, YOUR STORE SHALL LAG AND LOSE GROUND, through ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these summer months.

To really "gain ground" at a time when some stores are lagging and falling back is not only possible—it is an aspiration—worthy of a man who has the habit of accomplishing his purpose.
